Ron Baker scored 15 in the Lincoln game, with Felte 12, Mark Moore 8, Ed Hoff 8, Besio 5 and Greg Moore 4.

Sheriff Brown To Serve As Coroner

Under a resolution adopted last week by the Nevada County Board of Supervisors, Sheriff Wayne Brown is now also county coroner.

The board followed action which has been taken in other counties consolidating the two offices. Following the appointment, Brown met with the board members to discuss additional personnel and budgets for the added duties.

While the resolution will provide coroner services, an ordinance will be submitted and become effective at the next county election when the two offices will be officially consolidated.

Animal Shelter Is Planned By Board

The Nevada County supervisors last week approved general terms of an agreement covering the proposed county humane animal shelter to be erected adjoining the Grass Valley Humane Animal Shelter.

The Nevada County Humane Society, a new organization, will provide the first \$10,000 toward the construction.

The shelter would care for all animals in Nevada County with the possible exception of the Truckee-Donner area where a proposed substation would be built. Supervisor H. G. Loehr said there is a possibility that animals held here would be transported to Grass Valley.

All animals would be held for a period of seven days before elimination and none would be available for experimental purposes.

SUPERVISOR LOEHR IS HONORED AT SESSION

Supervisor H. G. Loehr, who has represented the fifth district on the Nevada County Board for more than 20 years, was signally honored at the last meeting of the board when he was presented with a 20-year service pin.

The local supervisor has served a number of years as chairman and has seldom missed a meeting, having a record for attendance, missing only when closed roads or illness have prevented.

The presentation was made by Chairman Gene Ricker.

U. S. Reclamation Bureau Will Have Office In Truckee

Congressman Harold T. (Bizz) Johnson called the Sierra Sun Tuesday to advise that the bureau of reclamation will soon establish a field office in Truckee for preconstruction work on the Stampede dam and reservoir on the Little Truckee River.

The office will be a branch of the main office at Carson City and will be in operation for the next four years.

After its use for the preconstruction program, the office will be used during the construction period, the congressman was advised.

A maximum of 25 to 30 men will be employed on the project, the bureau announced.

No Charge Filed In Shooting At Lodge

Following an inquiry into the shooting of Lyle Stevenson, manager of the Sierra Lakes Club near Soda Springs February 12, the Placer County Grand Jury voted not to indict Betty Jean Huskey, 36, who was held on suspicion of assault with intent to murder Stevenson.

Stevenson it was reported, refused to bring charges against Mrs. Huskey.

Deputy Sheriff Leo Zander was called to the scene of the shooting and notified Placer deputies who placed the woman under arrest.

Dr. E. O. Hendrickson of Truckee was one of the witnesses before the grand jury hearing. It was he who treated Stevenson for the gun shot wound through the left shoulder before the latter was taken to a Reno hospital.

Officers said the shooting apparently climaxed a quarrel between the two. The district attorney's office at Auburn said charges would be dropped against Mrs. Huskey of Crestline.

Another Small City Now Incorporated

Among the many towns in the state to become incorporated, Rio Dell in Humboldt County, is the latest.

In an election last week, the community, whose boundaries embrace the water district, the vote was 563 to 281, indicating the desire of the people of that city of a little over 3,000 population to participate in the various tax refunds, subsidies and other advantages offered to a city under our present fiscal setup.

Petitions calling for an election to determine whether or not Truckee-Donner shall become a participating city in the state, are currently being circulated and it is hoped to have the election by September.

What with sales tax, room occupancy tax, refunds from liquor taxes, automobile registration and highway use taxes, along with other refunds and subsidies, grants and loans, sponsors feel that Truckee-Donner is losing out as all these funds are currently going to the county.

VETERANS MAY SIGN FOR TAX EXEMPTION

In a joint announcement, Assessor Charles R. Kitts and Service Officer John Kootstra this week advised veterans, veteran's widows and dependent parents that they may file for their tax exemption for 1965 beginning next Monday.

Copies of honorable discharge or proof of registration for the November 3, 1964 election will be accepted as proof of residency.

Those who have previously filed for this exemption will be mailed applications but those who have not previously filed must make application prior to May 3.

Annual Dog Race Program Set For Lake March 13-14

KINGS BEACH—Preparations are going forward for the big annual Tahoe-Sierra Dog Derby to be held March 13 and 14 at the Brockway Golf Course.

A 20-mile race, starting each day at 10 a. m., will be the feature event of the program, although a number of event to keep the anticipated crowd of spectators amused, will be held.

A total of \$1500 in cash prizes and trophies will be awarded at Crystal Bay Club Sunday, March 14 at a 6 p. m. dinner which will conclude the events.

A dinner will be held at the same place prior to the races Friday, March 12 at 7 p. m.

A number of entries have been received and the race promises to be the best ever held providing the weather is cooperative. Among the entries will be Lee Fishback's Zima huskies from Nevada City who placed third in the Williams, Arizona races last month and which placed first at the Squaw Valley trial on February 14.

Other competitors will include Gene Schultz of Donner Lake, who took third place in the Squaw Valley event.

In favorite position will be Gary Gunkel of Kings Beach with his "Flying Irish" setters. Gary had a bit of hard luck in the Squaw races when his towline parted and the dogs left the sled stranded. The team continued on the trail and were caught by Mrs. Gunkel. In spite of the delay, they came in third. Gary won the Williams race and will be hard to match in the forthcoming Tahoe-Sierra affair.

The race is sponsored by the North Lake Tahoe Chamber of Commerce.

KINGS BEACH—Funeral services were conducted Thursday afternoon from the Walton Funeral Home in Reno for Leonard Courtney Davey, 62, who died February 15 in a Reno hospital on his 62nd birthday.

TRIAL DATE SET FOR SQUAW TAX DISPUTE

AUBURN—The trial of the Squaw Valley Improvement Corporation against Placer County for the refund of \$16,183 in property taxes has been scheduled in October.

The lawsuit, filed through the corporation's president William A. Newsom early last year, charged the county with fraud in assessing the corporation's possessory interest in the Olympic winter game site.

County Counsel Richard Smith stated a pre-trial conference will begin on October 5th and a non jury superior court trial is scheduled for four days beginning October 19th.

In the concluding junior Nordic jamboree held at Alpine Meadow Sunday, Tom Ruhkala in the cross country and Cal Bechdolt in jumping, both of Tahoe Truckee High School, were the skiing stars. The events were the basis for all high school Nordic team picks for the CNISF. The rules do not permit sanctioning high school competition on Sundays but boys named may participate as member of ski clubs.

The federation's cross country picks are Ruhkala, Bill Hobbs, Scott Domergue, all of Tahoe Truckee and Tony Sandberg and Don Ruby of South Tahoe.

Jumping team selections are Lance Poulsen, Dick Nielsen, Ruhkala and Hobbs of Tahoe Truckee and Bob Maro of South Tahoe.

SAD ENDING TO LITTLE STORY OF LOST DOGS

A rather sad ending came to the little story in the Sierra Sun last week, reporting that a mother dog and her little puppy were either lost or abandoned in the Gateway area.

The mother, wearing a collar and very well behaved, was apparently a trained animal and was teaching her little, yellow offspring to be friendly and courteous to everyone.

Saturday night, as the two, always inseparable, attempted to cross a street intersection, the puppy's life was snuffed out when he was struck by a car. The mother remained at her puppy's side until it was removed by sheriff's deputies and then evidently left the area.

STOWES LEAVE FOR HOME IN SOUTHLAND

Mr. and Mrs. Jack Stowe who will leave for his new state park position at Coronado, were feted Friday at Smart's when a farewell party was arranged and attended by more than 50 out of town state personnel and local friends.

The community regrets their departure and wishes them success in their new location.

Record Travel On Highways During Holiday Weekend

The Washington Birthday weekend proved to be the busiest from a standpoint of travel and winter sport participation ever experienced in this area.

The California Highway Patrol reported a constant stream of vehicles during the three days as thousands of motorists took advantage of the holiday, the excellent weather and snow conditions to drive to the Sierra.

There were no serious auto accidents reported despite the heavy flow of traffic and few if any congestions occurred, although cars were turned away from some resorts because of lack of parking facilities. Patrolman Wayne Hopkins, who worked in Squaw Valley said approximately 4,000 cars were in that area. Patrolman Carroll Maynard said Interstate 80 over Donner was packed with cars but that all kept on the move and no tieups were recorded.

More than 25,000 cars were checked leaving the area through the quarantine station during the three days, with 3,089 on Saturday, 10,318 Sunday and 12,244 on Monday.

Officers and division of highway officials agreed that had west bound traffic been required to use old Highway 40 over Donner, cars would have been backed up for many miles both Sunday and Monday. With the freeway, however, the traffic moved without delay.

Resorts, motels and hotels were filled to capacity.

Two Local Boys In Scholarship Finals

James Drummond, son of Mr. and Mrs. Harold Drummond of Truckee and Kent Fugazi, son of Mr. and Mrs. Robert Fugazi of Agate Bay, have been named as semi-finalists for California State Scholarships.

Both young men, seniors at Tahoe Truckee High School, were so honored on the basis of their outstanding high college entrance examination scores. The next step toward becoming a finalist in this state-wide scholarship program, is to present scholastic records and parents financial statements for review and consideration.

The program, renewable yearly for four years, pays all college tuition costs up to a maximum of \$600 per year.

Al Eberhart, a graduate of the local school in 1963, was a state scholarship winner and is currently in his second year at the Bible Institute of Los Angeles.

YOUNGSTERS STUDY RAILROAD SYSTEM

A guided tour of the Truckee railroad station was the highlight of train week at the Nursery School.

Thank you notes were sent to Nelson Camp for showing the children how the train signals work, how messages are sent and received, the use of the station radio and other interesting items used in connection with the trains.

Train pictures were used in room decorations with special interest going to a train mural made by the children.

MOTHER OF TAHOE RESIDENT EXPIRES

Funeral services for Viola Ross Burgess, a resident of Auburn for the past 25 years, were held February 13 in the Chapel of the Hills. Mrs. Burgess, who was 76, was the mother of Weldon English of Tahoe Vista.

She was a native of Ontario, Canada. Several other sons and daughters, 10 grandchildren and 21 great grandchildren survive.

PHOTO FROM DONNER ADORNS MAGAZINE

A full color photo of a view of Donner Lake and the surrounding area, showing the new freeway and old Highway 40, adorns the front cover of the November-December issue of "California Highway and Public Works," the official journal of the division of highways.

Another photo inside the magazine shows the 10.5 miles of the new Interstate 80, paralleling the steep and twisting climb over Donner formerly used by motorists going through this section of the Sierra.

Former Local Man Killed In Accident On Street In Reno

Funeral services will be held Saturday at 2 p. m. in the Truckee Colonial Mortuary for William Roy Kendrick, II, 44, a well known former Truckee resident, who was fatally injured Saturday when struck by a car in Reno.

Rev. William Marx, pastor of the Church of the Mountains, will officiate and interment will be in the Sierra Mountain cemetery.

Kendrick, son of Mrs. Della Burlingham of Truckee, was struck while walking along Plumas Street shortly after 6 p. m. by a car driven by Jeannie E. Harris, 18, a student at the University of Nevada, who was accompanied by Patricia Irvine, 18, of Oakland. The street at the point of the accident is not lighted and has no sidewalks. Kendrick was wearing dark clothing and the lights of an oncoming car blinded the driver. No citation was issued.

Kendrick was rushed to the hospital but died within two hours from the injuries.

The victim was born in Truckee December 20, 1920. He attended local schools, later graduating from the Los Banos high school, following which he entered the navy and served in both the navy and army for 14 years. He was employed as a heavy equipment operator.

He is survived by his mother of Truckee, a son, William Roy, III, serving in the navy in Mississippi, a son, Edward, 16, and daughter, Jennifer, 13, both of Pittsburgh, Calif., and his father, William Roy Kendrick, and a sister, Kathryn Ramsey, both of Sebastopol.

The community extends sincere sympathy to the surviving relatives.

Lake Beach Survey Asked By County

AUBURN—The county supervisors have acted to settle a long term dispute over the ownership of the beaches at Lake Tahoe. The board requested the state legislature appropriate \$35,000 for the engineering and surveying of about eight miles of beach from near Kings Beach to Chambers Lodge so the dispute can be litigated.

Assistant County Executive Nick Bishop said many of the residents living near the beaches think the play areas are theirs and have been keeping people away.

"The only way is to litigate and find out who owns them," he said.

"We feel that it is proper that the state bear the cost of investigating the ownership and the Placer County counsel's office say they can and will take the matter to court. It is not proper for the people of Placer County to pay for the engineering surveying costs since people from throughout the state use the beaches.

Bishop said the beaches belong to the public and should be available for public use.

TWO YOUTHS HURT IN AUTO ACCIDENT

Ed Edmonds, 17, Carmichael, and Randy Stroud, 15, Sacramento, were taken to the Tahoe Forest Hospital Monday night for treatment after their small compact car got out of control and overturned in the Union Mills area shortly before midnight.

The car was eastbound on the freeway and rolled over several times.

GEORGE HANSEN WILL HAVE WILLOWS POST

George Hansen of the California Division of Highways has been transferred to the Willows district where he will be the assistant resident to build 11½ miles of freeway.

Hansen, Mrs. Hansen and their children have lived in Truckee for the past seven years while he was working on the Boca, Donner freeway and more recently at Cisco.

The Hansens are sorry to leave Truckee but will be going into an area where Mrs. Hansen was born and they have family and friends.

RECREATION MEASURE DELAYED BY BOARD

Due to technical errors and misunderstandings, the proposed recreation commission ordinance being prepared for Nevada County, was not acted upon by the board of supervisors last week but will be re-presented for adoption at the March 1 meeting.

Chairman Gene Ricker asked each supervisor to be prepared with their individual appointments for the group of five, who will formulate a county recreation program.

In the meantime, the eastern end of the county is objecting to being made a part of a county-wide recreation district since one is now organized and operating in the fifth district and a second would probably mean double taxation without benefits.

CRYSTAL BAY — When two talented musician-comedians, each an expert on several instruments get together, the result is the "Big Sound" of Maize & O'Conlon, now starring on the Topaz Room stage of North Tahoe's Nevada Lodge.

With Joe's talking electric guitar and Marty's singing accordion, the duo presents a musical comedy repertoire that's hard to beat. From folk songs to ballads, from modern to semi-classical, from an astronaut to cowboy, and a comic to a musician might be a rapid review of Joe Maize & Marty O'Conlon as they wrap their versatile sketches into pleasing entertainment that has scored major entertainment successes up and down the coast.

Their fast moving show continues on the Nevada Lodge's Topaz Room stage through March 14.

Why a prominent banker urges you to buy Savings Bonds

"My service as Chairman of the ABA Savings Bonds committee provided a unique vantage point from which to observe how Savings Bonds, as a non-inflationary method of financing the public debt, benefit every American by helping to maintain the value of the dollar."

"And in almost 25 years as a Savings Bonds volunteer I have seen again and again how Savings Bonds help individual families by providing a steady, dependable, guaranteed way to save."

"Recognizing these contributions to our national and individual economic strength, bankers have been among the most enthusiastic supporters of the Savings Bonds program since its inception in 1941."

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO (CNS)—One of the traditions of newspapering in the United States, a tradition established before it was even a nation, is that sources of information are confidential and may be kept confidential at the discretion of reporters.

The tradition began in this country in 1733 when Peter Zenger, a New York publisher, was arrested on libel charges and thrown into prison. A celebrated trial followed, in which Zenger was defended by Andrew Hamilton. He was acquitted and truth as a defense in cases of libel was established.

It followed that the press, publisher and reporters are responsible for printed information, but being responsible, disclosures of sources is unnecessary. Such disclosures serve only to provide the way for retaliation against the source of information.

The press has won subsequent cases in which reporters refused to name their sources. But other editors have gone to jail to maintain the vital tradition. In California, a newspaperman is protected by law from the necessity of source disclosure.

But the constant attempts of the legal profession to make inroads on the rights of the people to know has culminated in the form of pro-

posals this year to wipe out the section protecting sources of information.

Assemblyman Alfred H. Song, Monterey Park's representative of Korean extraction has introduced a bill to wipe out this century-old American tradition, and leave the decision as to whether a reporter discloses his source up to the judge of the court involved.

Assemblyman Song has teamed up with Senator James A. Cobey, Merced, who has an identical bill in the state senate.

Both Song and Cobey are attorneys, and are handling the bill for the California Law Revision Commission, which incidentally has done some excellent work in attempting to clean up the state evidence code.

But the law revision commission can expect a battle in its attack on the press of California, and in fact, on the press of the entire nation. Assemblyman Song and Senator Cobey will face the united opposition of the press their proposals when the bill comes up for final hearing.

Already, Ben Martin, general manager of the California Newspaper Publishers Association, has appeared before the senate judiciary committee, composed of attorneys, to protest this provision in the law revision commission's bill.

Under provisions of the measure, a newsman refusing to disclose his source of information would be haled before a judge, and would be required to give information to the judge. After explaining the case, the judge would decide if the source should be made public.

Such a provision is a travesty on the right of the people to know. Sources which now know they are protected obviously would refuse to talk on the grounds retaliation would result, and the sources of information which have exposed many a story printed for the good of the public would be dried up. So it is not only because of tradition the law must be maintained, but for the benefit of the public.

Reno Ramblings

By BETHEL

Imagine our surprise walking into Bob and Joyce Kellogg of Tahoe Vista and Tracey in Reno last Thursday evening. Joyce and Bob were arriving back in Reno from Ogden where they visited friends, the Carl Stokes, for several days. The Reno visit will be to son, Dave, and daughter in law, Sonja. Dave is stationed at Stead Air Force Base. On to Lake Tahoe for the weekend at their Tahoe Vista home.

They report his parents, Erwin and Alice Kellogg, are well and happy.

Bob, incidentally, was suffering from a sore throat but he couldn't have gotten a word in edgewise—even if he could talk!

February is birthday month—celebrating birthdays are Bob Critchley of Tahoe Vista, Iris Alario of Tahoe Vista and San Jose, Tracy Shipley now of Yucaipa, formerly Tahoe Vista, Verdi Ladner of Incline Village who shares the same birthday as your columnist. Hope everyone had as fine a day as we did.

Luncheon at the Continental with Florence Burge, Marjorie de Costa,

former North Shore resident, and Betty Scoglund. Caught up on everyone's activities. Marjorie just back from a nice cruise and Betty left that evening for a weekend in Arizona with husband, Howard.

Dinner with son, Pieter, and Nerine Guthrie at Charlie Chan's "Typhoon" for a fabulous Chinese dinner.

The Mapes was meeting place for luncheon with Theresa Sutton, now a Walnut Creek resident, formerly of the North Shore, and Jerry Rayburn who drove down from her Incline Beach home. Also saw Tom Sutton and Roy Porath of Kings Beach who came to Reno for a Gun Club meeting.

A quick hello to Ralph Yopp of Kings Beach who was in Reno on business.

The Placer County Chamber of Commerce meets Thursday, Febru-

ary 25, at the Sierra View Country Club in Roseville. Wives are cordially invited to attend the meeting which will be at 7:30 p. m. dinner.

Happy birthday to a couple more February's, Sandra Pergin of Riverside, daughter of Jack and Velda Farris of Incline Village, on the 10th, and Greg Engelhard of Incline Village on the 15th.

Carl Ravazza of Reno and Crystal Shores reporting—we'd rather hear him singing—that the entertainment is fairly well lined up for the Crystal Bay Club this coming season. Roberta Lynn and Freddie Bell, the Novelites, Frank Fanelli, who incidentally cut his third album for RCA which is just being released, Della Reese, Vaughan Moore, and something by way of a surprise which is still a deep secret.

Meanwhile back at the ranch, Carl

has become a real estate broker and will have his Crystal Bay Realty office at Crystal Shores. Hear that Crystal Shores start construction soon on 24 more units with forty more being planned.

Leslie Denton of Tahoe Vista off to his work—South America for the steamship line which employs him. Wife, Theresa, went to San Francisco where she assisted the chamber of commerce in manning the booth at the boat show.

Upon returning home, Theresa occupied herself remodeling the garage and refurbishing it for her Tahoe Vista real estate office she will operate. Daughter, Maxine Polzin of Incline Beach, will hold forth,

or fort, at the old location at the foot of the hill at Brockway.

Maxine, incidentally, is continuing her studies at the University of Nevada for her teaching degree.

Also at the University of Nevada where she is employed at the library, is former North Shore resident, Jean Palmer Brittan.

Entertaining at a luncheon last week at her Incline Village home was Inez Jordan. Inez, chairman of the Heart Fund Drive, invited the women who will be assisting her on the drive and outlined the areas to be covered.

tative tables were Dorothy Sipes, Mildred Ricks, Pearl Kientz, Dorthia Whitley, Pearl Draney, Louise Walter, Mary Adams, Alma Peterson, Virginia Engelhart, Dorothy Gilmore, Ruth Mizner, Eleanor Egan and Deede McKinney.

The VFW and VFW Auxiliary met at the Nevada Lodge conference room for dinner Wednesday evening with presidents, Cleta and Eddie Liddle, greeting guests of honor, Lou and Lorraine Spitz of Reno. He is director of the Nevada Motor Vehicle Department and this year's March of Dimes chairman on which subject he addressed those assembled. Present were May Murray, Bob Moore, Harvey Martin, W. Thorpe, M. and Stella Farrell, Cliff Klockman, Clard and Deede McKinney, Ted and Pearl Draney, Bill and Eleanor Egan and the honored guests.

Ed and Jacquie Black of Incline Beach enjoyed several days in the bay area and attended the Boat Show in San Francisco while there.

Mex and Mae Springer's son, Ricky, observed his 9th birthday on February 18th, at their Incline Village home. Mae also gave Ricky a birthday party to which his

friends were invited, Buddy, Gordon and Pat Bitler, Michael and Kim Kornazewich, Sean Crom, Johnny Springer, Dan Haley, Vicki Mandeville and Robert Ehrvaruetta. Assisting Mae was Virginia Kornazewich with games and serving ice cream and birthday cake.

Dr. and Mrs. Joseph Furlong of Chateau Acres, Incline Village, entertained as their guests this past week Mrs. Robert Chase, Mr. and Mrs. E. C. Grayson and Dr. and Mrs. Ted English from the bay area. Skiing at Slide Mountain made for recreation and fun for all.

Reno's Vicki Nash has been doing a five minute Legislative Report called "Carson Comments" at 5:30 p. m. each evening on KOH, Reno. Vicki is sponsored by Lincoln and Meta Fitzgerald of the Nevada Club, Reno and "our" own Nevada Lodge of Crystal Bay.

The Fire Sirens of Crystal Bay met at the home of Mae Springer in Incline Village last Thursday evening. A business meeting was held and discussion of the food sale which was held this past weekend. The food sale was well attended and all contributions were sold.

Among those present at the meeting were Isabel Kissinger, Pat Baker, Ruth Berrium, Sally Roote, Caroline Johannes, Vivian Hansen, Hildegard Willman, Donna Killian, Ina Wright, E. Erickson, Genevieve Jenkins, Doris Richmond, Pearl

Draney and the hostess. Refreshments were served following the transaction of the business affairs.

Jack and Velda Farris of Incline Village, had as their guests this past week, Lew and Maxine Logan and son, Mike, of Placerville.

Weekend guests of Johnny and Jerry Rayburn of Incline Beach were Jerry's brother, Mettie Peluso and Joey Rowe of Sacramento.

Dick and Ruth Lavery of Crystal Bay are in Sacramento where Ruth's mother has been hospitalized. Sorry to hear this, Ruth, and hope she will improve soon.

Ann Wilkens of Tahoe Vista returned home after a gala time in Hawaii. The start of the trip almost changed her mind — got out 600 miles when an engine went out and had to return. Al and Claire Bettencourt had to wait over four hours for her arrival.

However, the Bettencourts, Don and Nellie Barkhurst and Earl and Carrie Gray and Ann had an evening to remember at the Queen's Surf. Puka Puka Otea of the Tahitian Dancers had Ann on stage to dance with them. Consensus of opinion was that Ann is a good dancer for a wahine! and that everyone wants to go back again.

The beach area has been a nice place to play for the children these days. They love to throw rocks on the ice to see if it will break. Little Randy King has been totting some mighty heavy ones and as a result he is walking with a crutch, since he dropped one on his toe. We hope you are out and playing real soon, Randy.

Have you contributed to the heart fund yet? Dick Quist and Hank Slack were out in the neighborhood Sunday collecting. Help us make our local drive a 100 per cent success.

The Donner Lake Volunteer Ladies Auxiliary met last Thursday eve at Smart's. The tables were decorated with lovely pink and white hearts and flowers. The dinner was delicious. Hostesses for the evening were Louise Tapia and Louise McCallen. Pig in the poke was won by Mabel Hadley, Connie Kammerer and Muriel Wiser. Nomination of officers was business of the evening. Guest speaker for the evening was Fire Chief Sky Miles who thanked the Auxiliary for the money raised to buy equipment for the fire department.

They recently purchased 500 feet of 2 1/2-inch hose for the new truck and have asked for a first aid kit and more slickers and gloves.

The chief asked that each home and business owner draw a diagram of their place of business, indicating where the gas and electric shut-offs are located. This, he said, may prove very important when a home or business is closed up and no one familiar with the premises is available.

He mentioned the department is also making a map of fire hydrants in the area to have available on the trucks. They are also making a survey of the heavy equipment in the area in case the need should arise. It sounds as though the firemen are really busy and doing a terrific job.

Mrs. Jack Halay of Incline is home recuperating from an operation. I am caring for two of her four children. Jon and Michael are the sweetest children I've had the pleasure of caring for.

Dal Hughes is also recuperating at home from an operation. It will be several more weeks before he will return to work.

Mr. and Mrs. George Gleed of Incline flew to San Francisco for several days this past week, combining business and pleasure.

Bud and Vera Withrow of Kings Beach really had a houseful over the weekend. Her daughter, Vickie and husband Mike, were up from San Jose and her sister Litita and Joe and son, Richard, were guests from Travis Air Force Base.

Rev. William and Noreen Marx are vacationing this week in San Francisco with her parents. They will be gone a little over a week. They are planning on taking the girls on the cable cars, to the zoo and to Golden Gate park.

In the absence of Rev. Marx, the pulpit was effectively filled by Gene Thompson and Elbert E. Reed, a missionary who has recently returned from 43 years service in the mission field in Chile. After church we had a potluck luncheon with over 50 in attendance and the Reeds showed slides of their mission and the work being done there.

We were privileged to have Mr. and Mrs. Reed to dinner Saturday night. They were most interesting guests. Jim and Peg Mandeville were also guests. The Gene Thompsons had the Reeds to breakfast the next morning and Gene and Jay were their hosts to the Truckee church.

Happy birthday to Gregg Janson. He was two years old last Wednesday. His grandparents, Mr. and Mrs. George Janson of El Sobrante, were guests at the celebration. Reese, Robin and Scot Mandeville got in

on the cake and ice cream too.

Our sympathy is extended to Mrs. Yvonne Davey of Kings Beach, in the recent death of her husband.

The M. Y. S. of the Methodist Church at Kings Beach will hold a bake sale, Saturday, February 27 in Safeway store here. The group is hoping for a quick turnover of the delicious morsels, prepared by our very excellent cooks.

Mrs. Eda Judy has returned home from Grants Pass, Oregon, where she was recuperating at the home of her daughter, Carol Howard. The many lovely cards, messages and prayers sent to her by Kings Beach area friends helped so much and she wishes to thank each one.

SIERRA SKIING

By VI WHITE

Thousands of skiers swarmed over the Sierra slopes during the Washington Birthday holiday weekend. Chair lifts ran to capacity and many cars were turned away from areas because of lack of parking space.

The California Highway Patrol said it was the largest exodus of skiers from the bay area they had ever seen.

Down at Lake Tahoe's south shore, Heavenly Valley is staging its fifth annual Winter Carnival this week. High school students from California and Nevada entered the Interscholastic Ski Federation races there over the weekend. Vicki Jones of Tahoe-Truckee won the girls giant slalom and Greg Dorland won for the boys. The first five places were to Tahoe-Truckee girls. Behind Vicki were Barbara Nielsen, Pat Paterson, Cheryl Flory and Diane McBride. Other local racers included Doris Ihlenfeldt, Tenna Slatkovski, Tahoe Griswald and Carol Corbin.

Dick Nielsen, Larry Lindsey and John Carnell placed 2nd, 3rd and 9th in the boys races. Others in-

cluded Paul Sullivan, Sherman Williamson, Scott Domergue, Bill Strickland, Scott Wall, Dick Pomin, Gar Phillips, Bill Waters, Bob Fugazi, Breezy Cross, Kent Fugazi, Steve Laskey, Greg Gates, Bruce Laskey, Dana Wilcox, John Hutchinson and Lance Poulsen.

Alison Jones and Tom Kennedy won the Levi junior giant slalom Sunday for Class I.

Several northern California ski writers attended the carnival and entered a special race. Winners were Eric Johnson, Carson White, Dick Dahl, Chappy Wentworth, Vi White, Art Rudd and Hal Robert. We skied down several gates, had to stop and write three words on a paper and then continue down the course. Lots of fun was had by all.

Monday we went on a cross country tour of the back side of Heavenly Valley ski area where owners, Fred Corfee and Hugh Kilbreth pointed out future ski runs.

Cross country and jumping event will be held this weekend to end the carnival.

Mr. Bartolomei explained that in order to get to the proposed Subdivision a person must travel over approximately 2 1/2 miles of dirt road. 1/4 of a mile is owned by the Forestry, the other privately owned. Mr. Bartolomei explained that he would like to obtain a right of use permit.

The Board instructed Mr. Bartolomei to get his Plans & Specs developed that he feels he can afford on this access road. It was also suggested that Mr. Bartolomei first try to obtain rights to this road and then come back to the Board with the kind of Road that he expects to put in.

Mr. Roberts recommended that the proponents of the Assessment District be asked to deposit with the County Clerk a sum of \$2,200.00 before the Screening Committee does any additional review of the project. This sum, approximately 2% of the estimated cost of construction, would be held in trust to cover per diem and expenses of the Committee in the event the district fails and any unused portion of the sum would be returned to the proponents. The Planning Director was directed to inform

tem) was adopted by the Board.

The Road Commissioner appeared and reported that there are two ways that the Brunswick Road can be repaired.

1. The County could obtain some extra money from the State Emergency Repair money and they will pay up to 60% of contract. This project would be handled the same as an FAS Project and would be put out for contract and advertised by the State. The cost has been estimated by the State, Bureau of Public Works and the Road Dept at approximately \$40,000.00. The County share for this project would be \$16,000.00.

The Road Commissioner stated that the second way to repair this road would be with County sources and equipment but it would be strictly a repair job, and is estimated at \$8,000.00.

Mr. Graham reported that the Road Dept feels that this washout is the fault of the NID. He explained that the NID ditch seeps down into the fill. He further went on to explain that someone should gunnite subject ditch.

A lengthy discussion ensued and the Road Commissioner was directed to contact the NID and the property owner where the dirt washed down onto his property and make a subsequent report at the next regular meeting of the

North Tahoe Rotary Observes Founding

CRYSTAL BAY — The 60th anniversary of the founding of Rotary, the pioneer service club, will be marked Monday, March 1, by the Rotary Club of North Lake Tahoe at Crystal Bay Club. It will commemorate the occasion by broadcasting a message from Rotary's world leader for 1964-65, Charles Pettengill of Greenwich, Conn., and some pertinent facts about Rotary will be brought out by the club's past presidents.

Wiley Jones, president of the North Tahoe Club, in announcing the anniversary meeting, said:

"The local Rotary club joins a world-wide celebration planned by more than 11,800 Rotary clubs and 560,000 Rotarians in 127 countries. The occasion will be marked by men of diverse languages, religions and political beliefs, but with a common bond in the Rotary ideal of serving others."

The first meeting of the world's first Rotary club (the granddaddy of the modern service clubs) was held February 23, 1905 in Chicago. It brought together the founder, Paul Harris, a lawyer, with three of his business acquaintances; a mining engineer, a merchant tailor and a coal dealer. In the early days of Rotary, it was agreed that only one representative from each business or profession in the community would be admitted, a principle of membership that continues today.

Rotary also insists on good attendance which is helped by the idea of making up at Rotary clubs if a Rotarian is unable to attend his own club meeting.

POWER COMPANY TO EXTEND TO GERLACH

Application to purchase the Gerlach electric system has been made by Sierra Pacific Power Co.

Electricity in Gerlach is supplied now from a system owned by Mrs. Helen C. Thrasher, who purchases wholesale power from Sierra Pacific Power Co. and distributes it to users. The application has been filed before the Public Service Commission of Nevada, which must approve the transaction.

Richard G. Campbell, vice president and general counsel for Sierra Pacific, said Mrs. Thrasher will be retained as Sierra Pacific's Gerlach agent if the purchase is approved.

Gerlach is the northern terminal of a major Sierra Pacific transmission line. The line also serves the United States Gypsum plant at Empire.

Bicycle Safety Is Stressed By CSAA

One of the fundamental rules of safe bike riding is RIDE ONE ON A BIKE, reminds the California State Automobile Association.

Bicyclists of all ages must realize that they have traffic responsibilities just as motor vehicle drivers do. Carrying riders in a bike hamper the driver's control and limits maneuverability.

The CSAA also urges parents to consider carefully before buying children bicycles whether they are old enough to be responsible in today's heavy traffic. It is also the responsibility of parents to provide their children with instruction in safe use and proper maintenance of a bicycle.

Safety posters illustrating the theme "Ride One on a Bike" are being distributed to schools throughout the community. The local safety program is sponsored by the California State Automobile Association as part of the nationwide campaign by the American Association and its affiliated clubs.

More Forage Fish Planted At Tahoe

The second plant of a forage fish, the Bonneville cisco, was made in Lake Tahoe last month, the California Department of Fish and Game reported this week.

The recent plant, and the first plant made a year ago, are part of a joint program of the Nevada Fish and Game Commission and the California DFG designed to improve fishing in this deep, cold water lake.

The two wildlife agencies hope that this small fish, which seldom exceeds eight inches in length, will reproduce in the lake and establish a self-sustaining population. The cisco, a member of the whitefish family, is expected to serve as a food supply for lake, rainbow, and brown trout.

In January, employees from the two departments, with help from the Utah Fish and Game Department, netted 7,700 cisco in Bear Lake, Utah. In addition, the spawn of fish caught by anglers, numbering some 150,000 eggs, was collected by the fisheries personnel. Most of these eggs were planted in Tahoe, while the remainder were taken to the Verdi and Tahoe hatcheries for experiments in artificial propagation.

A second introduction of Mysids, a small plankton feeding shrimp, was also made in Lake Tahoe last fall. This shrimp could serve as a food supply for trout and for the cisco.

The two departments believe that the strengthening of the food chain at Tahoe will make the lake more productive and in the end will result in more fish in the angler's reel.
